SUMMARY

I am a dedicated B.Com (Computer Applications) graduate with a strong interest in finance, accounting, and business technology. I have successfully cleared CMA Group 2, showcasing my analytical skills and knowledge in cost and management accounting. With a good understanding of financial systems, Excel, and accounting tools, I combine both commerce and computer application skills. I'm passionate about continuous learning and currently building expertise in financial analysis, MIS, and ERP tools. I aim to grow as a skilled finance professional while preparing for CMA Final.
